T. E. Duncan, Secretary,
Washington University,
St. Louis, Mo.

Dear Sir:-

About thirty-five years ago a seventy-five cent scrip came into my possession that had been issued by the St. Louis Exchange & Land Office, bearing serial number 1112, dated St. Louis, December 2, 1817, and signed H. Pearson & Co., and stating; " The Bearer shall receive seventy-five cents for this Bill on demand at this Office.

This bill is doubtless long since obsolete but on account of its age, being issued four years prior to the admission of the State of Missouri, it occurs to me that if it was brought to the attention of some one connected with the early history of St. Louis, that it might be regarded as valuable.

As you would likely be in a position to ascertain and determine the status of this old obsolete scrip or bill I would be pleased to hear from you with reference to it, and whether it has any special value.

Very truly yours,

Doris 3203 Maple Street,

Dear Sir:- Found one of your offers for the 1817 St Louis Quarter & I'm sending it to the Treasurer upon offer, however does not interest my collection to [illegible] purchase for my present time. If the price, perhaps, a sufficient sum might be realized on it to make parting with it worth while advertising, but if you care to offer me a return registered- Yours Truly

Dear Mr. Newman:

Your kind letter of December 2nd was duly received and am very sorry to report that we have no extra samples of either 1907 or 1933 issue of Clearing House currency, as the former was redeemed within six months after its issue and the latter was not distributed at all but cancelled and destroyed. The only specimens are such as are reserved for the Clearing House and some of the banks individually.

Thanking you for your offer to send us the St. Louis Clearing House certificates, which would not be of any use to us, and regretting our inability to comply with your request, I remain

Mr. Eric P. Newman,

Dear Mr. Newman:

I apologize for not having replied sooner to your letter of December 2nd, but I have been hoping that we could rake up some of the Cashier's Checks issued under Clearing House arrangements during 1907. We have, however, succeeded in locating only one of these cancelled checks and, this being the only one we have naturally we would like to keep it. However, if a photostatic copy would be of any value to you we will be glad to forward it along.

Referring to the paragraph of your letter concerning the 1933 moratorium - We beg to advise that while our Clearing House Association prepared to issue scrip and had some printed, it was not put into circulation and has since been destroyed.

I am glad to see that you are endeavoring to complete a collection of money issued in this state. It should be a very interesting exhibit even now and as time goes on it will be of even more value.

Very truly yours,

Executive
Vice-President.

Dear Sir:

I have kept my obligation for not acknowledging your letter of June 10th sooner, in which you enclosed a card with an offer for trade some few coins.

Your description of the specimens was interesting and it is fortunate rare and valuable in your way. Ordinarily I would gladly make the exchange I am reluctant to do so for the reason that it has been kept on my possession for a period of 35 years without any thought of parting with it until

I should say that it might have a value that on my present statement information, I would not attempt to agree. For a purely personal opinion I would not care to part with it as a policy for permanency. Looked on my more for years that where they have an open book during both the early days of our meeting might form a valuable protection. This letter is long, like many others, cannot be analyzed - yet on the possibility I suppose something to forward to you with safety.

Please I will forward upon this - by send the policy back with my first payment - I will but you in a gift my old friends have Thousands need many years. You will find your work successful.

Yours Sincerely

Mr. John Rothacker,
N. 3203 Maple St.,
Spokane, Washington.

Dear Mr. Rothacker:

It is well over a year since I received a communication from you and I hope that prosperity, for which you were striving at that time, has come your way. In the meantime I have begun the practice of law and have been working steadily in spite of the handicaps in a remunerative sense which such a profession entails for a long time.

I am writing you in the hope that you might part with your specimen of St. Louis Scrip for the enclosed notes which are considerably older and although of greater value I am glad to trade them to you, since you have in the past, taken such pains to write to me. The two notes enclosed are from the Revolutionary War.

The half dollar was authorized by the Continental Congress and the expression "Mind Your Business" is one which Benjamin Franklin decided was a good American motto. The reverse of this bill shows a chain of thirteen links representing the unity of the thirteen original states. As you note, the printing is done with wood blocks and the paper is a soft wood pulp with flakes of mica to stiffen its texture. Although this note is termed a "Continental" and has given rise to the expression "Not Worth a Continental" one finds it costly to get them now.

The other bill is the issue of the Colony of New Jersey, as the states themselves at that time had more right to print paper money than the national government. You will note the date of the proclamation authorizing this note is the fourteenth year of the reign of his majesty, King George III. It is also of interest that the expression "To Counterfeit is Death" meant what it said. Here again you will notice a large flake of mica in the paper near the end of the first signature. These flakes made counterfeiting unusually difficult as this paper could not be obtained any more than the present silk fibre paper used for United States notes can be obtained now.

If you are willing to make the trade I will appreciate it very much. I am enclosing a self-addressed envelope in which you may

enclose the St. Louis bill if you wish to trade, or the two Revolutionary War notes, if you do not.

Wishing you the best of success,

Very truly,

Dear Mr Newman -

Your letter of May 25th together with enclosures of Continental Notes which you offered in exchange for my specimen of Hawaii Scrip, was forwarded me from Washington.

I have been in the East since last July since which time our household goods have been in storage and my family have gone to the the Coast. Somewhere between the pages of a book stored away among our personal belongings is the Scrip you desire. If I had it with me I would make the exchange, but I may not contact it again for quite awhile as the family are expecting to come East, too, this Summer and we will not return to Spokane before September, in that

want.

Upon our return I will endeavor to locate the scarp and if found will advise you.

I am quite facinated with the specimens you sent and would like to acquire them, but would rather do so by purchase, if the amount you offered me in Cash for my scarp would buy them instead of parting with my specimens that I have treasured so many years.

Your interest is greatly appreciated and I regret being unable to do anything about the exchange at this time for our returning your specimens, herewith.

With best wishes—

Yours very truly

Dear Sir:

On April 1st of this year you wrote me concerning the piece of St. Louis scrip which you possess, and stated that it was among the personal belongings of your family which were left in Spokane. You also stated that you expected to return early in September and would be willing to trade it for the two Continental notes of the Revolutionary War which I sent to you and which you returned.

As I have indicated to you previously, being a Missourian, I am anxious to obtain as many specimens of early Missouri scrip as I can. Beside the two Continentals which I am still retaining for you, I have other items which might be of interest to you and which ought to make the exchange mutually advantageous.

I am going away on my summer vacation for two weeks and wanted to take this opportunity to thank you for your unusual courtesy in corresponding with me and to state that I will be waiting to hear from you on your return to Spokane.

Your family seems to have done a great deal of traveling and I hope that you are all together, spending a very pleasant summer.

Very truly yours,

Dear Mr. Newman:

With reference to yours of the 9th instant, I tried on several occasions to obtain the Mississippi Valley and Trust Company scrip, but was unsuccessful. I enclose herewith Tradesmen's Card No. 4712, according to our book, in exchange for this scrip. This card is rarer than the scrip of St. Louis. However, should this swap be unsatisfactory to you, I will gladly pay you for the scrip.

I only have one note from the Kansas City Clearing House Association, and would not want to break up my collection, as it is the best collection in the country, being represented by 48 States, one territory, District of Columbia and Mexico. However, should I ever run across one of these notes, I shall bear you in mind. Of course, I have other scrip notes in duplicate, from other parts of the country, outside of Missouri. If you are interested in them, let me know.

As regards the Strawberry Token of which I sent you a description, please note that I obtained these years ago; it was a difficult job to get them. I do not have any duplicates, but if you desire I shall be pleased to loan them to you.

I have several of the Republican items, which you sent me, and am returning same herewith.

I do not believe I have a Bank of U. S. note, but if I do, I will let you know.

The only broken banknotes that I am interested in, is New York State, particularly New York City and Westchester County.

ERIC NEWMAN,
St. Louis, Mo.

I suggest that you write to Mr. Howland Wood, Curator of the American Numismatic Society, Broadway and 156th Street, New York, N. Y., regarding the Missouri items, as they have the best collection on Numismatic items, and I believe he could help you out.

Awaiting your further wishes, I am

Dear Mr. Newman:

Referring to yours of the 16th instant, I am enclosing scrip in exchange for your Mississippi Valley Trust scrip dollar. I believe I have the Charlevoix, Michigan School District Scrip, but would like to see it, in order to check up on same.

As regards the Freeport Barter Centre Scrip, I am the only one who has these. If there are others who have this in their collection, they have obtained it from me.

The Florida (Bank of Newberry) scrip is also rare. In fact all scrip from Florida is rare, and I have the only redeemable specimen in my collection.

Jepson's Drug Store scrip is not a common piece, and it was very difficult to obtain.

With reference to the Strawberry Tokens, there appeared in the Home Bankers Magazine November 1922 on page 12, an article regarding these tokens, and also illustrations of same, and the banks mentioned therein were - First National Bank of Sarcoxie, and Bank of Sarcoxie. The towns that issued these tokens are as follows:

Neosho, Anderson, Pierce City, Monett, Carthage, Carterville, Joplin and Sarcoxie.

If you cannot obtain this magazine in St. Louis, I shall be pleased to loan it to you. I would also be glad to send you the strawberry tokens, which you could return after they have served your purpose.

Dear Mr. Parman:

In reply to your letter of the 30th, of the U. Peck coins we have one that was contributed by Cutler, and two copper nickel ones in the reverses of which resemble your coin.

The small paper ones were obviously advertising. They were made of two thin sheets of metal stamped out, filled with cardboard or paper and the edges turned over in order to hold the two sides together. Two types of them had on one side the representation of the silver dollar of the date or the year in the U.S. coin piece. They were either silver or zinc. Some, however, had one side of cardboard. I only included these in case you should eventually be compiling a list of worthless of Missouri items.

As a matter of fact I think very few of these storecoins were really used for money except those made of copper, possibly sometimes of brass, the size and shape of the current coins, except in recent years when it has been against the law to issue them. Check or token in size or similitude to the governmental coin. In the past 50 years there have been great quantities of store cards used for money, especially in the coal mining districts where the company stores have put out great quantities of these so as to keep as much brass as possible within their clutches.

If you have a fairly early item in Missouri paper money, I will trade it for one half dime.

As for metal rubbings, I use thin, smooth paper. The kind you use is all right. I put it on over the coin so as to make the relief as clear as possible. I then use powdered graphite or a lump of graphite, which is really better, rub my finger on it and gently rub this over the paper. The coins is then put on the paper so that it is black and smudgy.

Dear Mr. Rothacker:

No doubt you remember me as the person interested in your piece of St. Louis scrip. From past correspondence with you you have indicated that whenever you get to your effects, which are in storage in Spokane, that you will trade me your scrip for other items of equal interest and value. I am still in hope that this will come about because of my intense interest in the currency used in Missouri.

I have no idea in which state you are at present, so I am writing to your Spokane address in the hopes of learning when you might get back to Spokane. You were going to stop in to see me on your way east a while back, but that didn't seem to materialize.

In California you no doubt are interested in the political platform of consisting in paid out of money made out of the circulation of scrip requiring stamps each week. Although this method of raising money has been a failure as well as illegal everywhere it has been tried, people still have hopes. Here in Missouri the City of Senalia tried it in 1933 and the result was that after about half the stamps were on them no one would accept them. It lasted six months and most people paid their light or gas bills with them, so that the utility lost the money. It takes a considerable amount of straight thinking to see the fallacy of it, but like chain letters, people are concerned with getting the money, and not paying it.

I hope this letter finds you prosperous again after the more difficult times you went through in the past and I am enclosing a self-addressed envelope for you to tell me when you might get to Spokane. As I

have indicated, I will send you any of a number of interesting things for your St. Louis scrip and my impression is that you were much interested in obtaining some money of the American Revolution for it.

Dear Mr. Rothacker:

I thought of you the other day when I obtained a piece of script from St. Louis dated 1819 and realized that I had not heard from you in a long time.

In 1937 you indicated that you might come through St. Louis on your way east but I presume that that trip did not materialize. I am shortly going to put a number of my pieces of St. Louis script on exhibition and wanted to know if there was any possibility of obtaining from you your 75¢ St. Louis Exchange and Land Office script note. As I have indicated to you in the past, I will send you colonial money or any other interesting items you desire in exchange for it, or will be glad to pay to you twice the amount of any offer you can obtain on it. I am enclosing a postal card for your reply to me if you will be kind enough to do so, telling me what, if any, chances you have of getting to your piece of script. I am also taking the precaution of sending a copy of this letter to your Spokane address since you have, in the past years moved around a great deal.

I am also undertaking to write an article for a local historical society publication, giving the history of currency in Missouri. I have been reading up on the individuals involved and have made a study of the laws and litigation concerning currency in early Missouri life. I would like to publish a picture of your bill as an illustration, along with a great many others.

Thank you for your interest in me and for your tolerance of my earnest desire to obtain your piece of script for my collection.

Nice to have heard from you and learn of your hobby.

Wonder if you would tell me more of the Chillicothe Fair "Wooden Money". I don't seem to know of that issue.

You also said you had duplicates on the Mark Twain issue.I have several of the 2 & 5 nickel issue but none of the 1 nickel. I should like to purchase a couple of them.

You will probably be interested to know that Booneville Mo.issued wooden money in 1939.They issued four,2 at 1 nickel, and 1 each at 2 & 5 nickels.Set of four may be purchased from Mr.P.W. Floyyd Chamber of Commerce at that city.Send 15¢ in stamps. You may mention my name.

Perryville,Mo.also issued a set of 1,2 & 5 nickels in wood during the year 1937.I can't tell you much about that set as I don't have the set.Should I dig up any information I will let you know.

Should like to hear from you again.

Dear Mr. Calfee:-

About a year ago you will recall that I came to see you with regard to certain old paper money which you have. You indicated at that time that you would look it up for me.

As you know, I am endeavoring to assemble as complete a collection as possible of Missouri numismatic items for the purpose of a permanent exhibition in a suitable museum or other place where the public can have an opportunity to see them. You have two notes of the Mechanics Bank of St. Louis, dated in 1861, and a 1867 John Smith check of the Mechanics-American Bank. You also have a substantial group of other items which I do not remember in detail. I would like very much to acquire the above mentioned items and perhaps certain other items which you may be willing to sell. As soon as you have had an opportunity to look these up I will be glad to come to your office to see what there is.

Since last talking to you I have had an opportunity of obtaining a bank note which has on it the oldest known picture of the City of St. Louis. The Missouri Historical Society plans to publish the picture of it shortly. However, I will be glad to show you that bill and certain other unusual items of local interest if you care to see them.

With kindest personal regards, I am,

Very truly yours,

Dear Mr. Shoemaker:

There has been recently discovered a specimen sheet of Defence Warrants of the State of Missouri dated June 25, 1864. These warrants were issued by the North during the Civil War and were redeemed by the legislature from time to time thereafter. The North also issued Union Military Bonds which were likewise redeemed.

The South, as you know, issued both Missouri Defence bonds and requisitions for Missouri Defence bonds and Missouri currency pursuant to the Neosho meeting of the legislature.

I have been collecting and studying the currency of Missouri for over 35 years and I need your help with respect to the enclosed photostat of the Defence warrants. I am unable to identify any of the men pictured on these Defence warrants. The only clue I have is that the first one may be a member of the Blair family. The last three are in Northern military uniform and I have checked over the leading military figures without success. Would it be possible for you to endeavor to identify these men.

You may, of course, keep the enclosed photostat for the files of the Society, if you wish.

Thank you for your cooperation.

Sincerely yours,

Dear Mr. Newman:

I have your letter of August 21 in which you enclosed a positive photostatic copy of the original sheet you have of four Union "Defense Warrants of the State of Missouri" issued during the Civil War.

I note that you are interested in identifying the four men pictured on these warrants. I have compared the pictures with a large number of photographs of Federal officers and officials which are included in various books we have on the Civil War and its leaders, but I am sorry to say that I am unable to identify any of the men pictured on the Warrants. I note, too, that you think one of the pictures may be that of a member of the Blair family, but none of the pictures on the Warrants bears any resemblance to any of the photographs we can find of Francis P. Blair, Sr., Francis P. Blair, Jr., or Montgomery Blair.

I am sorry that I am unable to be of assistance to you in identifying the pictures.

I appreciate your interest and courtesy in sending me the photostatic copy of the sheet of Warrants for the Society's files. I am glad to have the photostat for our collections and want to thank you both personally and on behalf of the Society for the gift. The photostat will be made a part of the Society's permanent collections, to which it is a valuable addition.

Sincerely yours,

Dear Vernon:

In your paper money collection there are a few more items of which I would like to have photographs and I am wondering if these could be obtained. They are

$2 Mechanics Bank of St.Louis

$50 Farmers Bank of Missouri

$1 City of Jefferson City

I hope this is not inconvenient and I would be grateful for a picture of these items.

Dear Eric:

Yesterday, as per my letter to you of Friday, I got together your Missouri tokens for their return to you. They are going forward this morning, via insured parcel post air-mail. I am sending you forty pieces, but since there were only thirty-nine on the copy of your list that you sent me, I shall have to ask you about one of them.

Your list did not mention that you had sent the J.S. Pease token from your collection. However, I was and am inclined to believe that the Pease token I am returning to you is your specimen. Please make it a point to look at this piece, and to check your own records and/or memory, and make sure that I am not returning to you one of my Pease tokens.

Twenty-nine of the returned tokens are of no further use to me. However, I will need further help from you on eleven of the returned pieces as follows:

1. I would appreciate your sending the Cox (NP-134), Fitzgibbon (NP-135), Jaccard (NP-136), Long (NP-137), Nicholson (Nos. NP-138, 139, 140), and Pease NP-141, for me, to the A.N.S. for photography. I did not get a chance to do this up to this time.

2. I would also appreciate your sending the St. Louis Post Office, Van-Deventer and Wilson pieces, lacking NP numbers to the A.N.S. for photography. These three tokens are ones I want to illustrate, but represent that part of the Missouri listing which I have not as yet completed.

All of the items I need photographed are in separate envelopes and so marked. There are eleven in all, as mentioned above. It is imperative that you get the exact specimens selected photographed.

3. Please look at the Long piece, NP-137. I am convinced that this token is struck in silver, and not white metal, as you claimed. Please give me your specific thought concerning ~~these~~ THIS.

Wt in air 11.2 gr
Wt in water 7.9 gr
Displaced 13.5

JOHN J. FORD, JR.

Mr. Eric P. Newman - Page 2.

4. About the St. Louis Post Office copper piece(s); the type with eagle standing on ground with shield, branch and scroll. Do you have this particular type in white metal (Adams 32)? Have you seen this type in white metal?

5. Please look at the silver plated Van-Deventer piece, which I want photographed. I rubbed the edge of this token with an eraser, hoping to find out if it were silver, German silver, or just plain plated. You stated that it is silver plated brass; Adams claims that the Van-Deventer pieces come in silver ~~and~~ various thickness planchets. What do you think?

I am enclosing herewith photostats of my Missouri listing as far as I have gone. These should make it clear to you what I need photographed so far. I would appreciate your comments on this listing, such as it is.

I have retained your various notes and photostats on the ~~various~~ 1733d series, and shall return same just as soon as I finish the Missouri listing. I hope that this is alright.

I hate to bother you about sending things to the A.N.S. for me, Eric, but I am afraid I just did not get a chance to get your tokens photographed earlier. I would appreciate your doing me a favor in this connection and I should like to apologize again for not getting your tokens back to you when I said I would.

Very best personal regards.

Sincerely yours,

Dear Mr. Ball:

I am enclosing Xerox copies of the manuscript pages in the book I have written which will be out in a month or so on Early American Paper Money. These pages will give you the information you desire concerning the North Carolina denominations of the issues in question. I will have photographs made of the items that you wish as soon as I can.

I am glad that you studied the legal history of State issues during the Constitutional period.

I believe that the circumvention of Article I, Section 10 by the incorporation of a bank does not affect the rule of law in Craig vs. Missouri. McCulloch vs. Maryland, of course, did the same thing with respect to the Federal government. The court, in deciding the Mississippi case, in 1894, was not familiar with what bills of credit really were during the Colonial period and, in my opinion, gave a decision which was practical rather than legal. This type of decision is no different than the legal tender cases. I maintain that the North Carolina issue, like the Missouri issue, were illegal even if the North Carolina issue was never challenged. The result of the Missouri decision was a tragedy since the recipients of the loans had already spent their money and the loans under the decision became uncollectible because of illegality. Nevertheless, the State paid off the bills.

My records show that the denominations of the Missouri Loan Office issue were $1, $3, $5 and $10 and I find no 50¢ note which was issued. These are excessively rare.

September 30, 1966

Mr. Douglas B. Ball

As to duplicates of the North Carolina items, I believe I have one but I never sell anything and only exchange, so your friend will have to come up with something fascinating.

You are certainly working on some fascinating matters and it is a pleasure to be of assistance.

Dear Mr. Goldin;

This will acknowledge your kind letter of September 27, 1966 regarding my article on Peter Maverick appearing in "Paper Money".

To answer the questions you raised.

Undoubtably I do not have in my collection the Maverick engraved Missouri notes. I was made aware of these notes [illegible] in listing in the book THE ENGRAVERS - AMERICAN [illegible] Stanton L. Stebbins, Rutgers Press, New Brunswick, N. J. 1950

[illegible] I don't doubt would undoubtably have to been done by [illegible] Peter Maverick engraved these life span was [illegible]. Young Peter Maverick apparently was a precocious [illegible] it is recorded he started engraving at the age of [illegible] and I am sure he started on more simple things.

With best regards.

Dear Mr. Merckhoff:

As I am the daughter of the late D. C. Ensor, I have a tremendous interest in the SPMC Project for Revising the "Haines Descriptive List of Colonial Paper Money", which appeared in THE NUMISMATIC from June 1922, to October 1936."

Your Brother Fred, of course, was in full CHARGE of the Project from the beginning to his untimely passing. My sympathy to you at this late date, as I know the tribulation involved, having had Five Brothers all grown to manhood - gone out of my life.

As you probably know I cooperated fully with Fred S.M. continually sending him lists and information on notes of the following States: Connecticut, Illinois, Kansas, Minnesota, Montana, Nebraska, Texas, and on January 24th, 1966, I wrote him a letter, enclosing a SIX PAGE (Single Spaced) list of Colonial Paper Money in Pennsylvania. [illegible] (HAS NEVER BEEN RECEIVED), so I wrote him another letter- March 2, 1966. Then I learned the Second to none Study!

Richard T. Barber, by you know has been elected to complete the unfinished task of Fred S.M., so he is extremely anxious to get the MISSING MANUSCRIPTS which YOUR BROTHER HAD COMPLETED, also the Pennsylvania, Utah, and Kansas MANUSCRIPTS, which were not entirely completed: as you evidently realize they belong to the SPMC PROJECT. Also the [illegible] PAPER MONEY OF JAMESTOWN, which I sent to him-Jan.2, 1967. Surely he would desire you to do so now. He continually expressed his appreciation for all my assistance.

Thanking you in advance- for your utmost CO-OPERATION.
With Kindest regards to you and yours.

Sincerely,

N. B.—The general abstract, No. 1, of this report, shows the whole amount of circulation delivered to the banks to be $2,982,920, or twenty thousand dollars less than the above table. This apparent discrepancy is explained by the fact, that there are $20,000 of Branch paper in the possession of the State Bank, not consequently yet charged up in their accounts.

BANKS.

AN ACT authorizing the liquidation of the Branch Banks of this State.

§ 1. How branch banks may be wound up; Stockholders to meet; when and where to meet; notice of meeting; proceedings of meeting.
2. Administrators, guardians, &c. may vote.
3. Trustee to be elected, when; duties of trustee; claims to be presented in certain time or be barred.
4. Assets, how disposed of; notes and debts to be renewed from time to time, on payment of ten per cent. of original; time of renewal.
§ 5. Branch banks entitled to certain earnings.
6. Trustee may sell real estate and State bonds of the branch banks and make deeds to same.
7. Effect of act takes place, when.

Be it enacted by the General Assembly of the State of Missouri, as follows:

§ 1. Any branch bank may be put into liquidation and its business wound up in the following manner: the stockholders of any branch bank, or a majority in interest of them may meet, in person or by proxy, at their banking house on the first Monday in May, or as soon thereafter as convenient, not exceeding one year from the passage of this act, first giving notice by publication for at least two weeks in some newspaper published in the town in which said branch bank is located, or nearest to said town, which notice shall be signed by the President and Cashier, or any two stockholders of said branch bank, and when assembled they shall determine whether they will assent to this act; and if a majority in interest of those present shall approve and assent to the same the President and Cashier shall certify such approval to the Secretary of State, and the Secretary shall file the same with the original roll of this act, and send a duplicate of such certificate to the parent bank of the branch bank.

§ 2. For the purpose of voting on the proposition of approval or rejection of this act, administrators, executors, curators, guardians and trustees shall have the right to vote, in person or by proxy, the shares of the person or persons whom they represent.

§ 3. Immediately after accepting and approving this act the stockholders so voting shall elect a trustee, who shall, without delay, give bond and security to the State of Missouri for the faithful discharge of the trust, to be approved by the board of directors of said branch bank, which bond shall be placed in the custody of the Secretary of State, and said trustee shall then take possession of all the assets of said branch bank, and for the purpose of liquidation, set apart an amount equal to the outstanding debts and liabilities of said branch bank, and give notice in some newspaper published in the city of St. Louis, for at least sixty days, of such action, and if such debts and liabilities be not presented for payment in three years thereafter they shall be forever barred.

§ 4. After setting aside an amount sufficient to pay off and discharge all the debts and liabilities as aforesaid, and deducting a reasonable compensation for his services in the execution of this trust, the trustee shall divide the remainder of the assets among the stockholders, *pro rata*, according to the number of shares held by each, as often as $20,000 are collected or realized, until all be distributed; *provided*, that in order to afford relief to debtors, the trustee shall renew and extend the time of payment of debts to said branch bank upon the payment by said debtors of ten per cent. of the original amount due by them at each renewal or extension, when said debtors shall fully secure the ultimate payment thereof, and each renewal or extension shall be for not less than ninety days.

§ 5. Any branch bank accepting the provisions of this act shall be entitled to the full amount of the surplus earnings which it may have paid over to the parent bank, after deducting the amount of all dividends that may have been distributed among the stockholders of said branch bank.

§ 6. The trustee is authorized to sell and dispose of the real estate and State bonds of said branch bank, and make a deed or deeds for same to the purchaser or purchasers.

§ 7. This act to take effect and be in force from and after its passage.

Approved November 19, 1863.

14. Certain acts on old charter law repealed.

Be it enacted by the General Assembly of the State of Missouri, as follows:

§ 1. Any bank in this State, with the [illegible] of said bank, by their President of the parent bank, call a meeting [illegible] at any time by public notice or notice in writing [illegible] days before such meeting, and vote upon

fairs; said voting to be at the annual meeting of such banks and branches, or at a meeting called for the purpose, and [illegible] of such banks and branches [illegible] and [illegible] [illegible] for the passage of ordinances. The notice required to be published shall the [illegible] jurisdiction of the banks or branches [illegible] and branch banks are situated, unless the President of the parent bank prefers to give notice in writing to each stockholder.

§ 2. If two-thirds in interest of those who shall vote on the day fixed shall be in favor of winding up, then any such bank and its branches shall be considered in liquidation, but, nevertheless, shall have the period of seven years in which to close up its affairs, and the directors and their successors are hereby authorized to renew notes and bills due it from time to time, in order to secure their ultimate payment and afford relief to its debtors.

§ 3. The directors of the parent bank so voting to wind up shall reduce their number to seven, and the number of directors in each of their branches to five, two of the five in each bank to be appointed by the parent bank and three in each branch to be elected by the stockholders of such branch or branches.

§ 4. The ordinary and regular business of banking, that is to say, of receiving deposits, discounting notes or bills, buying and selling exchange and making collections, of [for] any bank, with the branches of such bank that determine to wind up under the provisions of this act, shall cease in all places [illegible] such bank or banks organized under the laws of Congress providing for a "national currency based upon a pledge of public stocks" is ready to do a banking business in the town or city in which such bank or branch bank is situated; but the privilege of doing a banking business other than by receiving notes and bills due as provided for in section two of this act, and as hereafter provided in this act, shall not extend beyond the first day of July, 1864, to such bank or its branches as elect to wind up their affairs on or before the first day of March, 1864, nor to any bank or branches thereof who elect to wind up under the provisions of this act after July 1, 1864, longer than January 1, 1865.

§ 5. Any bank, with branches of such bank, so voting to wind up under the provisions of this act may reduce its capital stock by receiving the shares thereof in payment of debts due said bank and branches, and otherwise, and every such bank shall, during the whole period of seven years, if so long in closing up its affairs, keep an office or place of business in the city or town in which said bank and branch bank is [are] located, for the purpose of transacting its [their] business, and shall keep and use a cashier and discount, as provided in section three; but the board of directors may such bank or branch thereof may transfer the winding up and the [illegible] of their business to any board of directors of any bank established under the act of Congress aforesaid in the town or city where such bank or branch bank is located; and when so transferred, public notice thereof shall be given in one or more newspapers of the State, one week, [illegible] be published in the city of St. Louis; and thereafter the said National Bank shall be the place of business of [illegible] bank or branch bank. *Provided, however*, That the directors of any such bank or branch bank may resume the business of closing up their affairs; and when so resumed, another place of business shall be provided and kept, and the same transacted as provided in section three of this act and [illegible] during the banking of this State.

§ 6. Any director or officer of any bank or branch bank voting to wind up under the provisions of this act shall, immediately thereafter, be ineligible to hold the place of director or other officer of any "National Bank," "Savings Institution" or "Savings Association," established, or that may be established, in the town or city in which such bank or branch bank is located, any law of this State to the contrary notwithstanding.

§ 7. The President of the parent bank and the President of any branch of such parent bank so voting to wind up under the provisions of this act, shall publish a notice for the period of sixty days in any newspaper published in the town or city where such bank or branch bank is located; in case of banks or branches out of the city of St. Louis, said notice shall be published in at least one newspaper in the city of St. Louis, that such bank and branch bank has gone into liquidation, and requesting the holders of its notes to present them for redemption at the places where payable, in one year from the date of such notice; and all notes of such banks and branches which are not presented for redemption within three years from the date of such notice shall be barred; but nothing in this section shall exempt any bank or branch bank from the liabilities and penalties imposed by existing laws for a failure to redeem their notes when presented at any time before the above period.

§ 8. Until any bank or branch of such bank shall close its business as provided in this act, such bank or branch bank may charge a reasonable rate of exchange on time bills payable out of the State, not to exceed one per cent

§ 9. Any bank or branch bank, having complied with the provisions of this act, and also with said act of Congress, so far as to organize under the laws of the United States, and to commence business as a National Bank, which they are hereby authorized to do, shall be deemed to have surrendered its charter under the laws of this State, except as provided in this act.

§ 10. The Bank Commissioner shall, on the presentation of the certificate of the Comptroller of the Currency, authorizing any bank of this State to commence business as a National Bank, cause all plates and dies and other material for the engraving of notes of such bank or the branches thereof, to be canceled and destroyed in the presence of the President and Cashier of such bank; and it shall be the duty of the Bank Commissioner to burn all the circulation of such bank then in its vaults, and also to burn, monthly, such additional circulation of said bank as may be produced to him by the President and Cashier of said bank for that purpose; all such burnings and destructions of said circulation to be done in the presence of the President and Cashier and of such committee of the Board of Directors as may be appointed by the Board for that purpose.

§ 11. The certificate of the Comptroller of the Currency, or a certified copy thereof, by the Comptroller, or from the records of the bank, authorizing the said bank or branches to commence the business of banking under the laws of the United States, shall in all courts be evidence of the facts therein recited and stated, and that said bank or branches [illegible] organization under the laws of the United States, and entitled to [illegible] such; and this act is hereby declared a public act.

Dear Mr. Newman,

I write mainly to advise my change of address — they are demolishing the branch post office where my box is located (for a parking lot!) and the boxes are being discontinued. In case you wish to note in your records, my address is now

CHARLES V. DUNCAN

Also, I do not understand that the Mo. note explains re-dating from 1862 to 1864. It could well be that Brig. Gen. Thompson refers to the general type. In fact, I can not see him as a person liable to be concerned about such minor things as the re-dating.

I am more inclined to consider it substantial evidence that all of the Mo notes listed by Criswell 1—14 were actually used to pay troops, even tho the evidence is particular to this note.

The re-dating fits the historical facts fairly neatly. Tho Thompson operated in SE Mo thru-out the war, The main action in the state took place in 1862 until Price was driven out. In ~~1863~~ 1864 he, of course, returned in a big way with high hopes. Seems a good guess that at this time some of the old notes were re-dated for use.

Eric -

Thought you should see this -- note top line. A sample note (notice lithographer's imprint)?, Lithographer's scrip issue? or...? Interesting in any case and the only one known I gather. Any thoughts on your timetable for Missouri's manuscript?

Ron Horstman states "The male portrait is that of Lewis Bagy,
a politician and investor in the bank."
Same protrait is on the $10 note "State 1"
Is Pibot Knob an iron mine near St Louis?
Could the female portait be that of Mrs Bagy?
Was Lewis Bogy ever an officer of the bank?

Dear Eric:

Barbara sent me Ron Horstman"s letter and enclosures Here is the information. I believe it would make an article worthy of the Journal. If you agree and would send me glossy prints of the proofs and notes you have (all denominations) I would get out an article. Giving you and Ron credit for your material. It was nice to hear from you, Sorry I cluld not make St. Louis last Agust. Sincerly,

Dear Eric :

It's that time of the year again! I need to know where you're at with your research efforts for my report to the Executive Board in Memphis. As I've mentioned in the past, we now have the financial muscle to publish two books a year. So--keep heart! We're progressing.

Please fill out the bottom of this letter and return it back to me by no later than May 8th. Be sure to look me up in Memphis and/or Cincinnati.

Thanks!

Cordially,

Wendell Wolka

Dear Wendell:

At this point, I would expect to complete the Missouri manuscript by about 1982.

Comments (chances of private publication, etc.):

If financial help is needed I believe I can get some.

Dear Joe:

I received a request to report on the status of the Missouri paper money project from the Society of Paper Money Collectors. That reminded me that I should follow up on how you were getting along with the photography of your Missouri collection. You indicated to me that you wanted to do this yourself and were glad to cooperate.

I have a vertical copy stand with projecting lights and you may use it if you need it. One suggestion I would like to make is that you lay a piece of clean glass on top of the item being photographed to keep it from curling when you take its picture. You could have a small piece of glass for single notes and a large panel for a sheet.

Incidentally, it is desirable to leave a ruler at the edge of the picture so that 35 m.m. film can be blown up to normal size.

Thank you again for your willingness to cooperate.

Sincerely,

Eric P. Newman
